Actual & valid exam test dumps for your successful pass

Exam : **HPE2-CP08**

Title : Implementing Object Storage
for Active Archive

Vendor : HP

Version : DEMO

NO.1 Using Scalify erasure coding Durability (n,k), is this what a Scalify RING can lose?

Solution:up to k-1 server nodes failure for a single-site configuration

A. No

B. Yes

Answer: A

NO.2 Is this a supported Scalify RING File Connector?

Solution:FUSE

A. No

B. Yes

Answer: A

NO.3 When delivering a Scalify Ring object storage solution, the customer has a legal compliance requirement for long term data retention and will require iTernity iCAS integration.

Is this a Scalify Ring Connector that will meet their requirements?

Solution:S3 Connector

A. Yes

B. No

Answer: A

NO.4 A customer in the financial services industry is concerned about the business risks of non-compliance for long-term data protection, retention, immutability, and encryption on the petabytes of data consisting of millions of objects in a global namespace across multiple geographic locations.

Is this an HPE offering that should be discussed with the company?

Solution:HPE Complete iTernity iCAS and HPE Scalable Object Storage with Scalify RING

A. Yes

B. No

Answer: A

NO.5 During a workshop, a new managed service provider wants to implement an object storage S3-as-a-Service offering based on HPE infrastructure. The managed service provider is interested in deploying a private cloud configuration due to data sovereignty requirements of the subscribers.

Is this a recommendation the IT professional should provide?

Solution:Data-at-Rest Encryption, available on HPE Apollo servers, ensures that all traffic going to AWS is encrypted providing SEC 17a-4 compliance.

A. No

B. Yes

Answer: B

NO.6 Is this a design criteria when sizing a fully-populated HPE Apollo 4510 with 68 drives for a CEPH object storage environment?

Solution:Configure RAID0 volumes across two drives at a time to reduce CPU load.

A. Yes

B. No

Answer: A

NO.7 Is this a customer challenge that an enterprise object storage solution can address?

Solution:high cost to store non-mission critical long-retention data

A. Yes

B. No

Answer: B

NO.8 A customer in the logistics industry has several warehouses across the city. They have implemented a new CCTV deployment and need to store and archive thousands of video files for at least one year. Their existing storage infrastructure is a SAN which is quickly running out of capacity. The customer is interested in scalable object storage from HPE, but is concerned about the complexity of the solution given their limited IT staff.

Is this a response the IT professional should provide?

Solution:HPE Scalable Object Storage with Scality RING can be deployed on industry standard x86 servers and Linux.

A. No

B. Yes

Answer: B
